

## OKRAY GETS LICENSE.

It is Finally Granted by the Council—Two Drinking Fountains to be Bought at Once.—Macadamizing Next Season.

The January meeting of the common council was held last Monday evening, at which time all members were present except Ald. Baker and Johnson. A numerous signed petition for a street light at the corner of Center and Division streets, was read and granted. Residents and property holders also asked that an electric light be placed at the corner of Clark and First streets, near the Commercial Hotel, and that the lamp now on the east end of the Wisconsin river bridge be removed to the west end. This petition was granted. The matter of granting a retail license to John Okray, was again brought up, and J. H. Brennan granted the privilege of addressing the council in the petitioner's behalf. Mr. Okray has kept a saloon on North Second street, 4th ward, for a number of years, but last July the council refused to again grant him a license, as complaints had been made that the place was not orderly at all times. Mr. Brennan spoke for Mr. Okray for some time, saying that the action of the council had been a lesson that would be invaluable to the petitioner, that he would profit thereby and be more careful in the future; that he believed that he had been sufficiently punished, and was now ready to take out a license for the balance of the year, paying the whole amount, \$200, therefor. Mayor Clark also spoke in behalf of Okray, whom he said he had known since he came here a poor boy, and for many years thereafter labored at his trade of blacksmithing and wagon making. By untiring industry he had accumulated enough to buy property and engage in business on the North Side, first at blacksmithing, and later in the grocery and saloon business, and to injure him financially by ruining his business, he did not believe was right or human. The matter had been before the council a number of times before, a majority voting against it each time. Upon motion the tables were turned this time and Mr. Okray granted a license by the following vote: Ayes, Brill, Maxfield, Peickard, Maine, Kieliszewski, King and Hitchcock, 7; noes, McCreedy and Dumbleton, 2.

Petition from W. J. Gavio asking to be reimbursed on personal property tax on a piano, as he did not buy the same until June 16th, 1894, on which date it was delivered. The amount claimed, \$4.60, was upon motion remitted. Petition from Martin Griffin asking the council to reimburse him for personal property tax of 1893, being upon logs assessed at \$500, as he had disposed of his interest in the property in April of that year. The petition was referred to a committee to consult with the city attorney. Petition from Policeman Leo Boyar, asking the council to reimburse him for a regulation coat, bought in accordance with the rules of the council, and which has been paid for by him, was read and referred to committee on finance and city attorney. Petition from Nick Skorowski, asking to be reimbursed on an assessment of \$200 on real estate, which should have been assessed at \$350, but was changed to \$550 through an error, was read and referred to committee on finance for investigation. Claim of John Petarski, through his attorneys, Raymond, Lamoreux & Park, asking for damages in the sum of \$160, by being thrown from his buggy, Oct. 6th, 1894, injuring his leg, side and head, in running against a tree, that was lying part way across Martin street, was read and referred to the same committee. Mr. I. Gage, who was injured by stepping through a broken plank, June 7th, on Pine street, spoke to the council of his injuries, saying that he was unable to walk without crutches, for three weeks thereafter, and suffered great pain for about a month. Committee given further time to report. Petition from Alex. Krembs asking permission to use a part of the public square to place his old building thereon while erecting a new brick block, to be commenced in the early spring, was read and unanimously granted. Report of Municipal Judge Murat for the quarter ending Dec. 31, 1894, showing the amount of fines received by him to be \$75.00, was presented and placed on file. City Clerk Rogers presented his report for the first six months of his present term, showing the total amount of monies that came into his hands to be \$265, was read and accepted. Resolution by Ald. Maine, allowing to Barney Cassidy and wife the sum of

\$10.00 per month, during their life time, together with the necessary fuel, the said parties to issue to the city a deed of their property on Clark street, was read and adopted, the city also agreeing to provide for their burial after death. Ald. Brill moved that the mayor and clerk advertise for 75 to 100 cords of green body wood for the city, to be received by Feb. 1st, and the motion was carried. Ald. Brill moved that Jas. Packard, teamster of the hook and ladder truck, be allowed \$50 per month, commencing Jan. 1st. The motion was carried. The matter of macadamizing streets was mentioned by the mayor, who recommended that a committee be appointed to look into matters thoroughly, he believing that the material could be prepared at home the cheapest and the best for all concerned. Upon motion Mayor Clark and Ald. Maine and McCreedy were named as such committee. The question of purchasing drinking fountains was also mentioned by Mr. Clark, and the mayor, together with Ald. Brill and Maxfield were appointed, with authority to purchase two fountains, to be delivered and set in the early spring. A letter from Mrs. Wm. Saulsbury, who is now at Marshfield, was read, in which she asks the city to give her \$3.00 per week for maintenance. Upon motion she was allowed \$10.00 per month to support herself and two children, until further notice. The committee who have the matter of street macadamizing in hand, will look into the cost of purchasing the necessary outfit for crushing stone, and be ready to report at the next meeting. The council then upon motion adjourned without date.

## The Record of Two Years.

During Frank Wheelock's term as sheriff, he took thirty-five prisoners to state prison at Waupun and nearly forty patients to the insane asylum at Oshkosh, making a trip to each of the above institutions last week. A majority of the parties taken to Waupun were strangers in this locality, toughs or tramps who came and committed various acts of lawlessness, and were secured and punished for their crime. But very few guilty ones have escaped during the past two years, either arrest or punishment at the bar, or both, and in many instances the net had been so tightly woven that the prisoner preferred to plead guilty and receive sentence rather than to stand trial, thus lessening the expense to the county. Mr. Wheelock and family are now nicely located on their farm just east of the city, one and one-fourth miles from the public square.

## Mrs. J. M. Quilter Dead.

The many in Stevens Point and Portage county who knew Mrs. Jas. M. Quilter, nee Mary Tracy, will be pained to learn of her sudden death, which occurred at Seattle, Wash., on Christmas evening. She was a daughter of the late James Tracy, and her girlhood days were spent here, while she also lived in this city for several years after her marriage to Mr. Quilter. The following particulars are taken from the Seattle Post-Intelligencer of the 26th and 28th ult.:

Mrs. Mary J. Quilter, wife of James M. Quilter, the chief deputy United States marshal for Seattle, died at Providence hospital at 9:45 last evening, as the result of a delicate operation performed last Saturday. Her death was unexpected, and her sudden demise has prostrated her husband. A week ago she was apparently well, but her sickness developed shortly after and necessitated her removal to Providence hospital for an operation that had become imperative. This was delayed until Saturday, and after the operation she rallied and improved so rapidly that she was almost considered out of danger. A relapse occurred yesterday and she quickly sank until the end came last night.

Mrs. Quilter was 37 years old, being born in Wilmington, Del. Her maiden name was Mary J. Tracy, and she was married to James M. Quilter in Detroit, October 7, 1879. No children have ever blessed the union. Mrs. Quilter has a brother in the fire department, Charles Tracy, and a sister, Mrs. O. R. Wood, who is living at West Philadelphia.

The Church of Our Lady of Good Help was crowded yesterday morning with the friends of the late Mrs. Mary J. Quilter, wife of James M. Quilter, who attended to see the last sad rites over the remains. Floral offerings fairly buried the casket, and took several carriages to convey them to the Calvary cemetery. Father Prefontaine officiated at both the church and the grave.

The United States court stood adjourned yesterday during the forenoon and Judge Hanford, Marshal Drake, his chief deputy, Crosby of Tacoma, and other federal officials attended the funeral of the late Mrs. Quilter, wife of Chief Deputy Marshal James M. Quilter.

## A SUCCESSFUL COMPANY

In the Stockton Fire Insurance Co., Which Held Its Annual Meeting Last Saturday.—A Fine Showing for the Year.

The annual meeting of the Stockton Fire Insurance Co., was held at the court house in this city, last Saturday. President Hoffman called the meeting to order at 10:30 a. m., and a committee was appointed to look over the treasurer's books. Fred. Huntley, A. L. Gates and Newman Hoag were named as such committee, and the meeting then took a recess until 1 p. m.

The afternoon session was opened with an address by President Hoffman, after which Secretary Dawley presented his annual report, which showed the following condition of affairs: Capital stock of company, Dec. 31, 1894, \$1,244,146; an increase of \$231,905 during the year. There were 366 new policies issued during the same period and additions made to 95 others. Losses to the number of 28 were sustained, amounting to \$6,946.54. During the 19 years the company has been organized losses amounting to \$735,965 have been paid, on a total insurance of \$3,374,481. Upon motion the report was accepted.

The report of the committee who had examined the treasurer's books was then read and approved. A committee of one from each town was appointed to amend the by-laws.

The towns of Carson and Eau Claire applied for admission to the company, but were refused on account of their great danger from forest fires. It was also decided not to carry risks on blacksmith shops, feed mills and warehouses.

An assessment of three mills was ordered levied on capital stock of Dec. 31, 1894. The president, secretary and treasurer were instructed to purchase a safe for the secretary's office, at a price not to exceed \$60.00. The terms of directors J. L. Dopp, O. E. Howard and John Porter, having expired, it was moved and carried to elect their successors for a term of three years. The election resulted in the re-election of Dopp and Howard, F. L. Taylor defeating Mr. Porter in the last contest. The directors met and re-elected Frederick Mersch treasurer for a term of three years, subject to his re-election as director two years hence. As President Hoffman will be attending to his duties at Madison for several months, it was deemed advisable to elect a vice president, and J. H. Livingston was chosen for the position. J. B. Dawley was selected as a delegate to attend a meeting of town insurance companies to be held at Madison, Feb. 5th.

A meeting of directors and stockholders will be held at the court house in Stevens Point, Feb. 12th, to adopt amendments to by-laws.

## Married This Morning.

Lawrence McGregor and Miss May Matthews were married this morning, the ceremony being performed by Rev. W. J. Rice at the chapel in St. Stephen's school. Emil A. Krembs was best man, and Miss Katie O'Brien served as bridesmaid. The ceremony was witnessed by the relatives and a few of the most intimate friends of the young couple. The bride is the only daughter of A. W. Matthews, and is a charming young lady, one whose friends are only limited by her acquaintances. The groom is one of the proprietors of the Commercial Hotel, the youngest son of Mrs. D. McGregor, and is a young man of pluck and vim, one who is in every way capable of fighting life's battles. They will make their home at the Commercial, and THE GAZETTE joins in extending congratulations.

## Bank Directors and Officers.

At a meeting of stockholders of the First National Bank, held yesterday, A. R. Week, Jas. Reilly, E. D. Brown, F. E. Bosworth and W. B. Buckingham were re-elected as directors. The directors then met and re-elected officers as follows:

President—A. R. Week.  
Vice Pres.—Jas. Reilly.  
Cashier—W. B. Buckingham.  
Asst. Cashier—J. W. Dunagan.

The stockholders of the Citizens National Bank met in the evening, at which time R. C. Russell, Louis Brill, Geo. A. Whiting, E. J. Pfiffer, W. W. Spraggon, D. Lloyd Jones, J. P. Rothman, John A. Murat and W. W. Mitchell were chosen as directors, it being a re-election in all cases except as to Mr. Spraggon, who succeeds Geo. L. Rogers, the latter not having time to serve. The bank officers will be selected next Tuesday.

## Conductors' Installation.

The public installation of officers of Stevens Point Div. 211, O. R. C., for the ensuing year, took place at their hall, Tuesday evening of last week. Past Chief Conductor C. G. Murray acted as installing officer. The meeting was called to order at 8:30 with a few well chosen words by Mr. Murray, who on behalf of division wished all present a "happy new year." Below is given a list of the newly elected officers, and all were duly installed, excepting Messrs. Pixley and Hayes, who were unable to be present on account of sickness:

Chief Con.—B. F. Bowen.  
Asst. Chief Con.—J. W. Saxton.  
Sec. and Treas.—C. R. Phillips.  
Sen. Con.—L. E. Pixley.  
Jr. Con.—David McGill.  
Inside Sent.—E. E. Hayes.  
Outside "—J. J. Killinger.  
Trustees—W. J. Walters, C. B. Baker.

E. F. Jackson acted as marshal for the evening. After the installation ceremonies were over, refreshments were partaken of, consisting of coffee, sandwiches, cake, ice cream, etc., and all did full justice to the edibles. However, F. G. Minnebeck and W. J. Walters easily carried off the honors as champion ice cream eaters. Cards were next indulged by nearly all present, and the small hand of the clock pointed very close to twelve before all had departed for home. All present voted the evening one of the most pleasant of their lives.

The committee on arrangements, Messrs. Bowen, Saxton and Walters, and in fact all members of the Division, feel under lasting obligations to the ladies who did so much to make the evening's entertainment a success. The boys hope to return the favor by assisting in installing Auxiliary officers at no great distant date. They will also furnish a good supply of hay for the goat.

## In Quarterly Meeting.

The Northwestern Wisconsin Medical Association held its quarterly meeting in this city, at the Hesperus Club rooms, on Tuesday. This was one of the most interesting meetings in the history of the society, and nearly all present, about twenty, took an active part in the discussions. Dr. Wurdemann, of Milwaukee, gave a lecture on the infiltration method of anaesthesia, with demonstrations, a new method for painless operations. Dr. Daniels, of Mosinee, presented a paper on diphtheria, which was also found very instructive. Dr. Wurdemann was made an honorary member of the society. Those present, in addition to the ones above mentioned, were Dr. Russell, Oshkosh; Dr. Freeman, Colby; Dr. Frost, Plainfield; Dr. Guernsey, Amherst; Drs. Witter and Hogen, Grand Rapids; Dr. Zeit, Medford; Dr. Wheat, Plover; Dr. Budge, Marshfield; Dr. McGregor, Chicago, and Drs. Southwick, von Neupert, Jr., Atwell, Alcorn and Mary Patch, of this city.

## Made Things Lively.

There were runaways, and a succession of runaways, in the city, last Friday. The most disastrous one took place at the South Side. A Polish farmer from the southern part of the county, stopped in front of R. A. Cook's foundry, when the shop whistle blew for one o'clock. This frightened his team, which started off at a break-neck speed. The owner was unable to guide the runaways, and they were soon dashing over sidewalks, among shade trees and through ditches, but had not gone far before the driver was thrown out. He came in contact with a fence, and when picked up and carried to Dr. Southwick's office, it was found that he had sustained severe injuries about the head and face, the flesh being cut and torn to the bone in several places. The wounds were dressed, after which the farmer left for home, and hasn't been heard from since.

The same afternoon a runaway occurred on Brown street, a Sharon farmer being thrown from his wagon to the frozen ground. He was in an intoxicated condition at the time, and it is thought that this saved his life. The fall, however, rendered him unconscious, and he was carried to the residence of Frank George, where he remained until the next morning.

## Crocker is Pardoned.

Just before stepping down from the official chair, Gov. Peck affixed his official signature to warrants liberating fourteen persons from Waupun and the Milwaukee House of Correction. One of thesefortunates is Napoleon Crocker, who was sentenced to Waupun for life, Dec. 7th, 1889, for having shot and killed his son-in-law, Geo. Walker, May 5th of the same year. Cate, Jones & Sanborn were attorneys for Crocker, and commenced proceedings some time ago to secure his release.

## SHERIFF LEAHY'S AIDES.

John McGivern Has Been Made Under-Sheriff, and D. J. Leahy Jailor.

There was but little commotion about the court house, last Monday morning, notwithstanding that this was the day on which old officers step out and new ones take their place—wherever there is a change. The stepping out and in part of the program was exceedingly limited in Portage county. County Clerk Lane, behind his favorite "Peter Dorn," greeted all who came with the same kindly grasp and pleasant smile, and attended to the wants of the public as cheerfully as though there were "millions in it." County Treasurer Webster was on hand as promptly as at any time since he first took charge of his office, and none who called were sorry or disappointed with their visit. Across the hallway was Register of Deeds Shippy, always busy, but ever good-natured and obliging, while his Democratic neighbor at the other end of the building, Clerk of Court Delaney, was perfectly at peace with the world and all of its inhabitants, never having lost the smile that he wore after the full returns were in last November, and which indicated that he is one of the most popular young men in the county, even though he is a bachelor. The only real change about the building was that in the office of sheriff, and as soon as ex-Sheriff Wheelock had removed his last piece of household effects from the jailor's residence, Sheriff Leahy was on hand with his worldly possessions, including Mrs. Leahy and the little ones, the work of getting located being commenced at once.

Sheriff Leahy is able to announce a couple of appointments at the present time. John McGivern will serve as under-sheriff, having been appointed Saturday last. Mr. McGivern is proprietor of the Park Hotel, at the South Side, and is one of our best citizens, a man in every way worthy of any confidence that may be reposed in him. His selection will no doubt give universal satisfaction. D. J. Leahy, of Lanark, a nephew of the sheriff, has been made jailor and deputy. He is a firstclass young man, competent and reliable. For the past couple of years he has served as assistant clerk of court, and all who know him will be pleased as his recognition.

In the office of district attorney there was no change, and B. B. Park spent the day looking after both his public and private duties. G. C. Hanson, the newly elected superintendent of schools, was about the county building for a time in the morning meeting his friends and forming new acquaintances, but Coroner Lamoreux and Surveyor Wheeler were no where in sight when the reporter made his rounds. They will be heard from later.

## The Maccabees Entertain.

Nearly two hundred and fifty of Stevens Point's good people accepted the invitation of Central City Tent No. 49, Knights of the Maccabees, to be their guests at Glover's Hall, last Monday evening, when the following newly elected officers were installed by Past Commander Trevor Rodd:

Commander—Ira L. Eldredge.  
Lieut. Com.—L. A. Wight.  
Chaplain—W. A. Atkins.  
Sergt.—H. Gormley.  
M. at A.—Chas. J. Scherer.  
Fin. Keeper—John Grimms.  
Sentinel—Thos. Foster.  
Pickot—Frank Smith.  
First Guard—Jas. Altenburg.  
Second "—Frank Parker.

The Register Keeper, Jas. Ballou, was unable to be present on account of illness, and will be installed later. After the conclusion of these very impressive ceremonies, Commander Eldredge announced a short musical and literary program, as follows:

Solo—Walter Thoms.  
Whistling Solo—Alice Packard.  
Address on Maccabees—John W. Brown.  
Recitation—Daisy Crawford.  
Duett—Mrs. W. F. Atwell and M. F. Phillips.

Each number was a gem, especially the selections by Mrs. Atwell, Mr. Phillips and Mr. Thoms. They have beautiful voices. Supper was next announced in the large dining hall and within the usual short space of time one hundred and thirty hungry mortals were doing full justice to the well cooked, well served and abundant supply of eatables set before them. Although those at the first tables ate long and heartily, the Maccabees and their ladies were well prepared for the immense throng in attendance, and those who came after were equally well fed. Dancing followed, music being furnished by the Mandolin Club, and it was many hours past midnight before the happy gathering broke up. The Maccabees have proven themselves capital entertainers.

## Carnival and Masquerade.

The Elintrachs Verein are preparing for a grand carnival and masquerade, to be given on Monday, Jan. 28th. The carnival will take place on the afternoon of that day, and will be one of the most attractive and unique events ever attempted in the city, outranking anything given by the above society in the past. The principal streets of the city will be paraded, and many novel, comical and interesting representations will be shown. This will be followed by a masquerade in the evening, at Central City Opera House.

## Attended the Inauguration.

Several Stevens Pointers attended the inauguration at Madison, last Monday, leaving here on the special train which carried Gov. Upham and party from Marshfield. The train was in charge of that veteran Democratic conductor, W. H. Pier, of this city, and besides Supt. A. R. Horn, of Stevens Point, and Dr. Lathrop, of Marshfield, Mr. Pier and wife were the only Democrats on board as far as heard from. Those who boarded the train when it reached this city were Senator John Phillips, D. Lloyd Jones, E. McGlathlin, Mr. and Mrs. G. E. McGill, Supt. Horn, Roadmaster Baker, Fred. Carpenter and Geo. P. Hebard. Assemblyman Hoffman and R. F. Baker, who expects an appointment, left for Madison the evening before. The inauguration ceremonies were witnessed by a large number of people. The special arrived here on the return trip at 4:28 yesterday afternoon.

## May Close the Doors.

The ladies who last January took the responsibility of starting the Free Reading Room, in Temperance Hall, are fearful that for lack of necessary financial support it will have to be closed when their year's lease of the building expires, which will be the 17th of this month. It seems a great pity that an enterprise so much needed, and which has up to the present so fully met the object desired, should for the lack of friends be abandoned. The rooms are every evening and many afternoons occupied by from ten to thirty boys and young men, who perhaps would otherwise be on the streets, and who are kept out of harm's way, and at the same time their minds interested in good wholesome reading in this haven of safety. The ladies feel that we as a community owe it to the young people of our city, and to those who are here in attendance at the High School and Normal, to provide a comfortable place, out of danger's way, in which they may spend their leisure evenings. They believed that the better class of citizens would recognize their efforts and lend a helping hand, but unless aid comes very soon, the project will have to be abandoned. Whether the rooms are closed or not, the ladies feel deeply grateful to the following named citizens, who have enabled them, in addition to money taken in as dues, and at entertainments, to keep the work running for one year:

The gas bill for April was paid by E. D. Glennon, for May by M. Clifford, for June by N. A. Week, for July by the H. D. McCulloch Co., for Aug. by B. H. Kohorn, for Sept. by E. L. Ross, for Oct. by Hadcock & Root, for Dec. by Emmons Burr, for Jan. by W. B. Buckingham. I. M. Moss gave a Rochester lamp, L. Hirsch, \$2.00; John Shannon, \$1.00; M. Wadleigh, \$3.00; E. B. Grant, 50 cents; Alex. Krembs, \$3.00; Judge Cate, \$3.00; P. Leonard & Son, \$1.00; D. L. Jones, \$3.00; Aug. Goerke, one-half cord hardwood; Schenk & Arenberg, eight-day clock; J. L. Barker, \$5.00; Box Factory Co., \$2.00 and 3 cords wood; B. P. Rivers, sign; Mrs. Owen Clark, \$5.00; Rice Bros., one-half cord pine wood; W. J. Leonard, \$1.00; Mrs. Curran, one-half cord hardwood; Gross & Jacobs, 50 cents; Wallace & Karner 1 cord pine wood; G. F. Andrae, \$3.00; John Shaffer, \$2.00; Mrs. Eva Clements 1 cord pine wood; Mrs. E. Burr, dishes; Geo. W. Miller, table and bookcase; Reton Bros., use of piano; Electric Light Co., discount on gas.

## Rented the Bink.

The Elintrachs Verein, the well known German Society, has rented the Central City Opera House, taking possession today, and have closed a contract with the owner, Emmons Burr, for a term of one year. Improvements will be made on the interior, and besides using the building by the society itself, it will be rented for entertainments and dances. The matter of starting a turning club will also be agitated, and it is quite probable that one will soon be organized. Those wishing the rink, may call upon the president, C. A. Schenk, or the secretary, Paul Roettger.

The agent of the publishers of a map of Portage county being present supervisor Marion asked that he be allowed to address the board.

Supervisor McDill moves and motion seconded that a former action of this board whereby this matter was laid over until Monday, the 26th of Nov., be reconsidered and the matter be now taken up. Motion carried, and the agent of the publishers of the maps proceeded to address the board.

Moved by supervisor McDill and seconded that the former report be amended by striking out the word one in the report and substituting the word five so that the report as amended to read as follows.

That the county of Portage, Wis. purchase five of the book maps of said county in addition to the one ordered by the ex-chairman. Motion carried.

To the Hon. chairman and members of the county board of Portage county.—Gentlemen—I would most respectfully petition your honorable body to appropriate to the town of Pine Grove the sum of two hundred dollars (\$200.) to aid said town in constructing a road across the marsh in said town to connect with a road already built in the town of Grant leading to Grand Rapids, as said road would greatly benefit the towns of Pine Grove and Grant and aid materially in developing that portion of the county.

Stevens Point, Nov. 24, 1894.

Chairman of the town of Pine Grove.

Chair referred same to committee on roads and bridges.

To the honorable chairman and members of the county board of supervisors of Portage county, Wisconsin.—Gentlemen,—Your petitioners, the chairman of the town board of supervisors of the town of Lunark and Buena Vista, county of Portage and state of Wisconsin, do respectfully petition your honorable body for an appropriation for the sum of \$150, for to help said towns to repair a certain highway running through a swamp on the town line between the town of Lunark and Buena Vista, where said highway runs through the south-east quarter of the north-east quarter of section No. 25, town 22, range 9 east.

CITAS A. LANE, County Clerk.

Stevens Point, Wis. Monday Nov. 26, 1894.—1:30 o'clock P. M.—Board met pursuant to adjournment of Saturday Nov. 24. Was called to order by his honor the chairman. Clerk called the roll, all members present except supervisor Warzalla, supervisor Lukaszewicz and supervisor Carpenter. The two latter gentlemen soon came in.

Minutes of Saturday previous read by the clerk and approved.

Supervisor Wallace read annual report of county treasurer C. E. Webster and annexed report of committee on settlement with him.

To the chairman and county board of supervisors of the county of Portage, Wisconsin.—Gentlemen: We your committee on settlement with county officers respectfully report as follows: We have carefully compared the annexed report of C. E. Webster, county treasurer, with the

books, vouchers and accounts in his office and with the duplicate receipts in the hands of the county clerk, and find said report correct in each and every item. We have counted the funds on hand and find the amount shown by annexed report. And we also find that the town of Grant is indebted to this county to the amount of \$29.55 for superintendent's salary for 1892, and we recommend that this settlement be accepted as the settlement of the county treasurer for the year 1894, year commencing Dec. 11, 1893, ending Oct. 31, 1894; and we further recommend the one thousand dollar bond No. 100, bearing 4 per cent interest per annum be punched and canceled, and that the county treasurer be given credit for the same; and still further that all coupons presented as vouchers be punched and all county orders and court orders canceled be destroyed in the presence of this board. All of which is most respectfully submitted.

I wish to say in this report that I have endeavored to perfect the sale and abstract books, by entering up all sales found by comparison with the sale books in the county clerk's office, but have not had sufficient time to enable me to properly and satisfactorily balance the book of my predecessor which, as shown by the report of your committee to settle with county officers at the annual session in 1893, were very imperfect, containing many omissions, rendering it impossible in my judgment to get at a true balance between the several towns and the county for the year 1893. I have started a new account with the city and several towns with the county, which in every instance balances for the year ending October 31, 1894, except the town of Grant, which has not paid the sum found due the county for superintendent's salary for 1892, amounting to \$29 53. I have collected from the town of Stevens Point the amount of \$15.40 found due for 1892 to said fund.

STATE OF WISCONSIN.

County of Portage.

I, C. E. Webster, treasurer of the county of Portage, do hereby certify that the foregoing statements are correct according to the accounts kept in my office of the receipts and disbursements for the past fiscal year from November 16, 1893, to October 31, 1894, inclusive.

C. E. WEBSTER,  
County Treasurer.

Moved by supervisor McDill and seconded that the reports be adopted. Motion carried.

Moved by supervisor McDill and seconded that a committee consisting of supervisors Spraggon and Wallace be appointed to destroy all county orders and court certificates cancelled by the committee on settlement with county officers and punch all paid coupons in hands of said committee in the presence of the board. Motion carried.

Supervisor Spraggon reports all orders destroyed and court certificates destroyed and coupons punched in the presence of the board and coupons returned to county treasurer for safe keeping.

On motion of supervisor McDill, seconded and carried, report was adopted.

To the honorable board of supervisors of Portage county, Wisconsin:

The petition of the Wisconsin river pulp and paper company respectfully show that they are the owners in fee simple of lot four (4), section nine (9), town twenty-three (23), range eight (8) east, Portage county, Wisconsin. That said lot was sold for the unpaid taxes levied thereon for the year 1889, and the same was purchased at the sale for such unpaid taxes in May, 1890, by D. Lloyd Jones of Stevens Point, Wis., for one C. Obrecht. That thereafter W. T. Whiting, who is one of the stockholders of your petitioners and the manager of their said business, paid said D. Lloyd Jones the amount due upon said certificates and received a transfer for the same, and that the same is in his possession for your petitioners. That the same has become lost and your petitioners are unable to find the same, but affirm and so charge the fact to be that they have redeemed and fully paid said taxes in the manner aforesaid by their said agent, W. T. Whiting, and they pray that the said certificates be cancelled of record.

Dated Nov. 24, 1894.

## CHANGES IN OFFICE.

**STRONG TAKES HOLD AS MAYOR OF NEW YORK.**

**And Ready to Tackle a Big Job of Reform**  
—Morton Inaugurated in Gov. Flower's Place at Albany—Gov. Rich for the second time sworn in to Preside Over Michigan's Interests.

NEW YORK, Jan. 2.—For the first time in twenty-two years a mayor not of the Democratic faith is at the head of the city government. William L. Strong, who was inducted into the office, represents very much the same conditions and social elements that asserted themselves in 1873 in the elevation of William F. Havemeyer to the mayoralty. In both instances there was a revolt against municipal corruption. Upon both occasions public sentiment crystallized through the medium of a committee of seventy, the main purpose in 1873 being to overthrow the Tweed regime and in 1894 to correct abuses known or suspected in the police and other departments of the city government.

**The Reform Only Begun.**  
The exposure of the practice of levying blackmail by the police, particularly upon the criminal classes of society, who in consideration of their payments of money were granted immunity from arrest, was primarily the work of the Society for the Prevention of Vice, which procured the appointment of the state senate committee which has become famous under the name of its chairman, Lexow. The unearthing of corruption in municipal affairs is only a beginning of the work of reform which is in contemplation and which, before recurrences of such abuses can be prevented, it is claimed, calls for radical changes in the state laws relating to the government of cities.

**Mayor Must Have More Power.**  
Without an enlargement of the powers of the mayor it is argued that Strong, whatever may be his disposition, is as helpless to combat corruption in the departments as his predecessors in office have been. It is proposed to enact a law giving the mayor power of removal over heads of bureaus and an absolute control of the police department. Under the present system, while the mayor appoints members of the police board and other department chiefs, he may not remove them except through processes that practically amount to a deprivation of the power. The framing of new laws touching these points promises to be as important work as any that is likely to come before the state legislature.

**The New Mayor Takes Hold.**  
Shortly before noon the outgoing and incoming mayors met at the city hall. After the usual formalities, an interchange of greetings and the introduction of the several heads of the departments to Strong, Thomas F. Gilroy took his departure from the mayor's office, and as he has announced, from political life. The new sheriff, Tamsen, entered upon the duties of his position. Conditions for the new officials will be somewhat different from those that have prevailed heretofore. The new state constitution has gone into effect. Under it every species of gambling is prohibited, and is classed as a criminal offense.

## MORTON TAKES HOLD AT ALBANY.

**Retiring and Incoming Governors Exchange Compliments and Places.**  
ALBANY, Jan. 2.—Levi P. Morton has been inaugurated governor of New York. The ceremonies were simple. The new governor and his full military staff in carriages were escorted to the capitol by four companies of the National Guard. In the executive chamber the governor-elect was greeted by the retiring governor, who was surrounded by his military staff, after which all proceeded to the assembly chamber. After prayer by Bishop Doane, Governor Flower extended a formal welcome to his successor in office. In a brief reply Governor Morton complimented his predecessor, both as a man and as an official.

There was nothing of a partisan nature in either address. The oath of office was administered by Secretary of State Palmer. In the executive chamber Governor Morton received for an hour the congratulations of a great number of people in the members of the legislature and representatives of Republican organizations throughout the state. Subsequently Governor and Mrs. Morton and the Misses Morton held a public reception in the executive mansion.

## RICH FOR THE SECOND TERM

**Ceremonies at the Induction Into Office of Michigan's Officials**  
LANSING, Jan. 2.—The inauguration ceremonies of the state officers elect were held in Representative hall yesterday afternoon and were attended by an immense throng. The exercises were impressive in character. It was an innovation and the sentiment was general that it was an appropriate one. Ex-Governor Alger presided and Chief Justice McGrath of the supreme court, administered the oaths of office the ceremony being preceded by a patriotic and stirring address by Justice McGrath. Brief talks were made by Governor Rich, Lieutenant Governor Milnes, Secretary of State Gardner, and also by ex-Governor Felch, 90 years of age, and governor of Michigan half a century ago. The usual reception to members of the legislature and the general public by the governor and other state officers was held in the executive parlors last evening and the capitol building was crowded from dome to basement.

Republican members of the legislature last night nominated Representative William D. Gorman, of Midland, for speaker of the house, and Senator J. R. McLaughlin, of Detroit, president pro tem of the senate.

LANSING, Jan. 3.—The Republican caucus of the members of the legislature for the nomination of United States senator for the full term of six years was held last night. It resulted in the nomination of Senator James McMillan by acclamation. There can be but one dissenting vote as there is but one Democratic member of the legislature. He will undoubtedly cast his vote for Edwin F. Uhl, as assistant secretary of state at Washington, who was named for senator by the Democratic state convention. The caucus for the nomination of United States senator for four years to fill the unexpired term of Senator Stockbridge, deceased, will be held tonight.

LANSING, Jan. 4.—The Republican legislative caucus nominated Representative Burrows for United States senator last night on the second ballot. Governor

Bloch read his message to the legislature yesterday. It favors the incorporation of labor organizations the same as those of capital and commends the strike services of the militia last year. A good deal of the message is devoted to taxation of railways, and an increase of salaries of state officers is recommended.

The vote on Burrows' nomination was: Burrows, 70, Oles, 33, Patton, 23, Hubbell, 4. On the first ballot Burrows had 64 within two of a majority.

**Pennsylvania Legislature.**  
HARRISBURG, Jan. 2.—The legislature has convened in biennial session. W. C. Wesley Thomas, of Philadelphia, was chosen president of the senate, and Henry F. Walton speaker of the house. There are 29 Democrats in the house and 9 in the senate out of a total of 354. Governor Pattison's address deals largely with strikes, which he figures out to be utterly unprofitable. He urges the abolition of "pluck me" stores and gives the railways a blast for discrimination in rates.

**Gov. Holcomb Inaugurated.**  
LINCOLN, Neb., Jan. 4.—Silas A. Holcomb was formally inducted into the office of chief executive of the state of Nebraska yesterday. The inauguration ceremonies were of the simplest and most informal character. In fact there was but little of the ceremonial in the proceedings. Before the inauguration Governor Crounse read his closing message, and after the oath was administered Governor Holcomb delivered his inaugural address.

**Thurston Goes to the Senate.**  
OMAHA, Jan. 2.—A special to The Bee from Lincoln says: The Republican legislative caucus gave John M. Thurston a unanimous vote for senator. As the legislature is strongly Republican this nomination is equivalent to an election.

**Delevan Hotel Fire at Albany Proves To Be a Holocaust.**

ALBANY, N. Y., Jan. 2.—The horrors of the Delevan House fire increase as the hours go by and where in the morning nine persons were reported missing the list at night was increased to seventeen. The full list of missing is as follows: Mrs. Francis Hill, from Chicago; Nora Sullivan, chambermaid; Mary Sullivan, chambermaid, sister of Nora; Mary Carr, chambermaid, from Saratoga; Annie Bailey, employed in the cleaning department; Bridget Fitzgibbon, employed in pantry; Anella Tomasina, chambermaid; Simon Myers, coffee man; Rosanna Storey, chambermaid; Ella Dillon, laundress; Agnes Wilson, chambermaid, from Buffalo; Rae Young, employed in linen department, from Buffalo; Kate Crowley, chambermaid, Thomas Cannon, hall man; Ferdinando Belletti, fireman; Ricardo Telefon, worked in the kitchen; an unknown Italian, worked in the kitchen.

About twenty girls were sleeping in the attic, which was on the Steuben street side of the house, and the only exit was a narrow stairway leading to the third floor hallway, from which there were three stairways by which to escape. The most reliable information that could be obtained was given by an employee of the house named Kate Monahan, who knew all the girls well and had, up to that time, been unable to find twelve of them, whom she is positive are dead. Beside these, she asserts that four men are also in the ruins. Miss Monahan says she escaped through the basement, and that at that time the girls she believes are lost were in the attic. When she reached the last stairway the six lower steps were burned and she had to jump the remaining distance. If the girls were in the attic then it seems impossible for them to have escaped. All the injured will recover. One death has occurred, Mrs. H. S. Foakes.

## LIVE STOCK IN FOUR STATES.

**General and Notable Decrease from the Supply a Year Ago.**  
BUFFALO, Jan. 4.—Elrick Bros., commission dealers of this city, have issued their annual stock report covering the states of Ohio, Indiana, Illinois and Michigan. The table given shows the visible supply of stock in comparison with last year. The percentage on hogs is based on the supplies of last year at this time. On sheep and lambs the percentage is based on the stock on hand Dec. 31, 1894.

Cattle—Ohio, 3 per cent decrease, Indiana, 30 per cent decrease, Illinois, 35 per cent decrease; Michigan, 35 per cent decrease. Hogs—Ohio, 10 per cent decrease, Indiana, unchanged, Illinois 20 per cent decrease, Michigan, 5 per cent decrease. Sheep and lambs—Ohio 53 per cent decrease, Indiana 32 per cent decrease, Illinois, 45 per cent decrease, Michigan, 40 per cent decrease.

There seems to be a decided shortage in cattle in Illinois, but two counties reporting more feeding this year than at this time last year. Hogs are reported generally unhealthy in southern Ohio and in a good many parts of Illinois some sickness prevails in Indiana, but very little in Michigan. Wheat is being fed quite liberally.

## CAME TO A SHORT STOP.

**Not It Might Have Panned Out Into a Great Detective Story.**

The door opened, and there came into the Clark street office of the famous night watchman and detective a tall man, with a wrinkled face and a pair of keen gray eyes.

"You are from North Clark street," said the detective.

The man started convulsively. "How did you know it?" he asked.

"By the two shiny spots on your coat sleeves. Those spots mark where your arms rest on the window sill while you are leaning out to watch the cable cars go by. Every one on North Clark street does that. You live on the west side of the street."

"Wonderful!" gasped the visitor.

"You ask me why I know. Because your right arm is longer than the other. In catching the cable cars you grab the rail with your right hand, and the jerking you receive day by day has lengthened your arm so that to a trained eye the difference is apparent. If you lived on the east side of the street, you would use the left hand for catching the rail. You are a widower, and your wife was red-headed."

"True enough," said the visitor, staring in amazement.

"How do I know these things? Because I see that watch chain on your vest. It is woven of red hair. If your wife were alive, you wouldn't think enough of her to wear a chain made out of her hair, and if you had remarried you wouldn't dare to be wearing it. You have just come from Lincoln park. I can smell peanuts on you. At one time you were a police officer. I saw you look both ways before you came in that door. Force of habit, you know. You have been shooting craps. Your right hand is soled from the little finger back to the wrist. That is caused by raking up the dice from a dusty table. You need a shave and ate soft boiled eggs for breakfast. Now, what can I do for you?" And the great detective and night watchman sat back in a listening attitude.

"Just wanted to ask you if the Pansy Chromo company has an office in this building."

Thus what might have been a great detective story came to a short stop.—Chicago Record.

## Moving in Rome.

How easy it is to write it, and how easy, all things considered, it was to do it! At 4:30 in the morning five great burly men dressed in blue linen arrived and took possession of the premises. With a skill that made it a pleasure to watch them they packed all the glass, china, pictures and breakables in huge straw baskets.

As a terrace is to me the first necessity of life in Rome, our apartment was at the very top of the mighty old Palazzo Santa Croce. I never have thought much about the stairs, as the palace has the modern convenience of a lift, a tiny little car worked by water, which only the family and the visitors of the tenants may use. Servants, tradesmen and my big blue giants must climb painfully up and down the interminable staircases on foot. The chief ambition of Roman cabinet makers is to construct all furniture so as to bring the greatest possible weight into any given compass.

The commonest pieces of household furniture are so heavy that it seemed to me as I watched the patient movers that the tables, chairs and chests of drawers must have an internal lining of pig iron. All day long they worked, disappearing at noon to dine on bread, salad and red wine and returning an hour later to finish the weary task. The biggest giant was called Mico. He was a tall, broad shouldered fellow, with bright blue, childlike eyes, a tangle of rough brown hair and a voice as deep and musical as a church bell. I shall not soon forget him nor his example of cheerful patience as he toiled from morning until night, obeying the orders of the shrill voiced youth who superintended the removal of our goods and chattels. Once or twice since I have gone to my own work rather reluctantly—it is hard even to hold a pen in midsummer—I remember Mico's hot, tired face as he bade me farewell, the gracious salutation he made as he lifted the goblet of wine to his lips and drank to my health and happiness in this new abode, and because of the example of that honest, cheerful laborer my own work goes more easily.—Boston Herald.

## When Dickens Was Editor.

Not signing our articles had two evil consequences to us, "the young men." In the first place, when an attractive article appeared in Household Words, which might have been the work either of one of my colleagues or of myself, people used to say that Dickens was at his best that week," whereas in many cases in that particular number he had not written a single line except the weekly installment of the "Child's History."

I can say, for one, that I materially suffered from this systematic suppression of my name, for about 1857 or 1858 I purchased at M. Dent's book stall, in the Palais Royal, Paris, a work in French purporting to be the "Nouveaux Contes de Charles Dickens," translated by M. Amadee Pilout, and among the 10 or 12 stories in this collection I recognized translations of my own "Key of the Street," and, I think, of another article of my writing. Now this, judged by the present standard of literary ethics, was decidedly unfair to the rising authors who served their chief with so much enthusiastic loyalty.

In the next place, by the strict preservation of the anonymous, Dickens unwittingly retarded not only the literary, but also the commercial prospects of his staff. I did not repeat "Still, now, in my old age, I cannot be blind to the fact that I began to work with Dickens in 1851, and that when I temporarily severed my connection with him, about seven years afterward, I was wholly and entirely unknown to the general public.—George Augustus Sala.

## The Old Lady Was Game.

A Georgia man whose bravery is of a negative character got the worst of a difficulty recently. Some men were exhibiting one of the former about his father's exhibition of the white feather on the occasion referred to. "The little fellow shook his head bravely and replied:

"That's all right. I know you won't fight, but if you want to let the station tout out of you, you just back me!"—Atlanta Constitution.

**Unwarranted Disturbance.**

## HIS WIFE KNEW IT.

**So When He Told Her She Was Not the Least Bit Surprised.**

One of the brightest newspaper men in the country, while here a short time ago, told the following story on himself.

"It's this way, you know," he began. "At intervals of irregular length I take a drop too much. I had done so this night or morning, I forget now which it was, and on reaching home, realizing that I was somewhat unsteady, made preparations to get beneath the sheets without arousing anybody in the house. I took off my shoes, crawled over the back fence and disrobed before entering the bedroom, and then, in order not to make the slightest noise, climbed over the foot of the bed, and, to my great satisfaction, reached my goal as quietly as I had wished. There was no sound from any one. Everybody slept peacefully, and even the dog was silent. I fell asleep as speedily as only a man with a clear conscience can. How long I slept I don't know. That is immaterial. But I had a dream and hence the milk in the coconut.

"I dreamed that my feet were paralyzed. I thought the paralysis was moving upward. I had read somewhere that when one is paralyzed in the feet, if he can keep the paralysis below the heart, his life is safe, but that if it rises above his heart he is a 'goner.' The paralysis reached my knees. I struggled hard, but it got to my hips and kept on rising. By my struggles I succeeded in retarding but not absolutely checking it. Finally, after a horrible several hours' wrestle, it seemed to me, I found that my whole body was in the grasp of paralysis and that its fingers were clamping my throat. I made one last effort to release myself, and at the same time I yelled. The yell awoke me. And 'twas but have awakened my wife, for, rising, she looked at me and said:

"'What's the matter?'  
"I am paralyzed!" I cried.  
"Umph!" she exclaimed, turning over the pillow and sinking to rest. 'I knew that when you came into the house.'—Washington Post.

## USES FOR CHLOROFORM.

**Some Interesting Suggestions Advanced by Professor Wilder of Cornell.**

Professor Wilder of Cornell suggests that chloroform should be used freely to relieve the victims in railway accidents and declares that every railway passenger car should be equipped with a tin can of chloroform that can be easily opened with a knife and the whole placed in a box lined with absorbent cotton. In case of a disaster one or two tablespoons upon a handkerchief held near the nostrils would lessen sensibility very soon.

Professor Wilder says that he has gone armed for several years with a two ounce bottle of chloroform stowed away in his pistol pocket, and while it has not yet been needed in a railway wreck it has often come into use for the speedy relief of inward pain. The professor has also found his novel weapon very efficacious when he has been attacked by ferocious dogs. In such instances the chloroform emptied upon the canine's nostrils has caused the animal to cease all efforts at assault.

Probably the best part of the professor's suggestion is that where he intimates that the prompt and potent chloroform might replace the dangerous policeman's club in the treatment of recalcitrant prisoners. Armed with a bottle of chloroform, the policeman would be a dispenser of peace in every sense of the word. Instead of belaboring a physically objectionable prisoner over his devoted head, all an officer would have to do would be to stick his anesthetic holder under the other's nose, and while winged calm would hover o'er the scene and smile its sweetest.—Washington Star.

There is good reason for the popularity of Chamberlain's Cough Remedy. Davis & Buzard, of West Montrose, Clarion Co., Pa., say: "It has cured people that our physicians could do nothing for. We persuaded them to try a bottle of Chamberlain's Cough Remedy and now they recommend it with the rest of us." 25 and 50 cent bottles for sale by the H. D. McCulloch Co.

### Midway Plaisance.

A fine representation of the memorable Midway Plaisance of the World's Fair, will be given in this city, at Central City Opera House, during the last week of January. It will take place under the direction of parties from Racine, who have managed a number of like entertainments, in as many cities, with great success. The participants will all be home talent, and the show will be for the benefit of the Episcopal church.

### A Bad Wreck.

As a south bound Central freight was pulling into Medina Junction, about half-past eight last Saturday evening, it ran into a log train on the Lake Shore road, the latter train being in the act of pulling over the crossing at that point. Conductor Pahoer was in charge of the Central train: Martin Moore, engineer; Robt. Beck, fireman, and Bat. Gardner head brakeman. Moore's engine was "wide open," and when it struck the Lake Shore cars the engineer, fireman and brakeman were all in the cab, Beck and Gardner standing close to the passageway between engine and cab. The two latter were thrown out, Gardner alighting between the track and depot platform, and although a dozen or more cars fell in a heap all around him, he was but slightly bruised. Beck escaped without a scratch, and Moore was equally fortunate, notwithstanding that he remained in the engine, which made a half circle before coming to a stop. Between ten and twelve Central cars and two owned by the Lake Shore were practically ruined and the Central engine badly damaged. The depot was thrown six or eight feet off its foundation and the platform torn up for quite a distance. It seems a miracle that Moore, Beck and Gardner weren't instantly killed, but it is thought that the only thing that saved them was the fact the engine struck the ends of two cars, thus lessening the shock. There is a state law in force that all trains must come to a full stop at a junction point, but this law has been disregarded more or less at Medina by engineers with heavy trains, on account of there being a large hill to the

south or east, which it would be necessary to "double," or take the train up in two or more sections, unless they came through the station under a good head of steam. Mr. Moore will undoubtedly lose his job, and if he does, scores of friends in this city and all along the line will deeply sympathize with him, as there isn't a more popular young man on the road.

### Normal News Notes.

The latter part of last week the halls of the Normal were crowded with visitors. The city schools did not begin until Monday, which gave the teachers an excellent opportunity to visit the new Normal.

Regent Ainsworth, of River Falls, graced the school with his presence, Wednesday last.

Pres. Salisbury, of the Whitewater Normal, visited us Wednesday and Thursday. Thursday morning he gave an interesting talk, setting forth the good of education in general and congratulating the pupils on the splendid opportunities the new school affords.

At the closing exercises, Wednesday, Mr. Thomas, a member of the Harvard university glee club, who has been visiting Miss Crawford, rendered two solos, which were received with great applause.

The Literary society will hold a meeting, Friday evening. The topic of debate—concerning the Indians—is one which is being discussed by government officials at the present time and will therefore be exceedingly interesting. The program is as follows:

### Card of Thanks.

Mr. and Mrs. Edward L. Haney and their sister, Mrs. House, desire to tender their heartfelt thanks to the neighbors and friends who so kindly assisted them through the sickness and burial of their deceased mother.

Much interest is manifested in the appearance of Miss Emily Bancker and her company, at Grand Opera House, next Saturday night, in "Our Flat," one of the finest and most humorous farce comedies on the American stage.

The story of the play runs as follows: Mr. and Mrs. Sylvester are two young persons who have rushed into matrimony on the Macawber principle; are living from hand to mouth in a London flat, husband and wife alike striving hard to get a foothold in the literary sphere, in which they are confident they can ultimately acquire both fame and fortune. Early in their career, however, they are overwhelmed with debt. The flat they have hired is invaded by a continual stream of creditors; the cook threatens to leave, and at the height of the excitement three men walk in and deliberately carry off all the furniture, which has been bought on the installment plan, because the last payment has not been made.

At this instant Mrs. Sylvester receives a note informing her that a play she has written without the knowledge of her husband, describing her own married experience, has been accepted, and that the manager is coming to settle as to its price. Therefore, with the assistance of the cook, she proceeds to improvise the furniture with whatever comes to hand, soap boxes, barrels, an ironing-board, a sit bath tub, a clothes-horse, etc., and proceeds to rehabilitate the apartment. They are so draped and arranged as to form quite a beautiful outfit, and when the manager comes, he is so impressed with the handsome and prosperous look of the surroundings that he pays \$1,000 for the play. Many laughable complications arise from attempts to use the make-shift furniture. Then Mrs. Sylvester's father, who has been angered by the marriage, relents, and the comedy comes to a happy conclusion.

The cast is headed by Emily Bancker, who was the late Rosina Vokes' leading lady for two seasons, and principal in Chas. Frohman's original productions. Last year she was the star of "Gloriana." Her success this season as Margery Sylvester has been phenomenal.

### Death of Mrs. Axtell.

Died, at the home of her son-in-law, Edward L. Haney, Jan. 6th, 1895, Mrs. Susannah Axtell, in the 92 year of her age. Mrs. Axtell was born at East Bainbridge, Chenango county, N. Y., May 14, 1803. She was about four years old, when her father, John Dennis, who had been a surgeon in the Revolutionary army, died. Blessed with a strong constitution from childhood, her early years, as well as her later ones, were spent in work instead of recreation. She was married at the place of her birth, Sept. 6, 1822, to David Axtell, who died 23 years later. The family consisted of eight children, the two youngest of whom, Mrs. Almira U. Haney, of this city, and Mrs. Emily E. House, of Charlevoix, Mich., are the only survivors. Through the changing scenes of a long and laborious life, Mrs. Axtell has borne up with courage and patience, born of a full assurance that there was for her a brighter and better life beyond. Almost to the week of her death she insisted on performing some light, household work, and her busy fingers wrought many a token of love which will long be kept in grateful remembrance. At the age of 14 she became a member of the Baptist church, of which she has ever since been a worthy follower. The funeral exercises took place on the 7th inst., at the Baptist church in this city. An able and admirably adapted discourse was delivered by Rev. L. G. Carr, pastor of the church. The pallbearers were Daniel Hull, Walter Frazer, Wm. Fields, I. M. Moss, R. H. Curtis and Thos. Smith.

**NEW YEAR AT THE CAPITAL**

Most of the interest centered at the Executive Mansion.  
WASHINGTON, Jan. 2.—With bright skies overhead and reasonably clean pavements underfoot, and crisp, clear, wintry air official Washington was favored with all the conditions necessary to the complete enjoyment of such a New Year's day as only Washington knows. According to the time-honored custom—which was observed to the letter—all the officials called at the White House, where they were received in the order of their rank, to pay their respects to the president; all the cabinet secretaries, generals and admirals in turn received the officials of lesser rank and many congressmen and others kept open houses for their constituents and friends.  
It was so this time, but the chief point of interest was the White House and here Mrs. Cleveland fully sustained her popularity for the shock hands with every man, woman and child who passed down the receiving line for three hours. The irascible youngster was in line as usual and one of them voiced his enthusiasm appropriately, as he thought, by shouting shrilly: "Hurrah for Grover," as he walked into the Blue Room. One old man, walking on crutches, seemed tired when he came in and Mrs. Cleveland noticing him led him to a chair among the cabinet ladies, urged him to rest, and so he sat in the state parlor for half an hour watching the procession.  
The man "with wheels in his head," who has been personally commissioned by the Lord to do something ridiculous or dangerous, is the terror of these occasions. He was on hand. Very appropriately he wore long hair, and after he had passed the police he drew from his pocket a document bearing weird symbols in red and blue, but the appearance of the receiving party seemed to dazzle him so that he merely shuffled past without putting it to any use.  
Later in the day Mrs. Gresham received the diplomatists. Mrs. Carlisle held a general reception of friends, as did Mrs. La Mont, Mrs. Bassett, Miss Herbert, Mrs. Olney and Miss Morton.  
Dr. Parkhurst's Plan of Reform.  
NEW YORK, Jan. 3.—Dr. Parkhurst, discussing the re-organization of the police department, proposes that not later than July 1 next the term of service of the whole police organization be declared expired; that every member of the force above-mentioned including the rank of sergeant be permanently "fired"; that each of the others should stand on his merits, preference being given them, other things being equal, and that the whole force should be governed by a single commissioner.

**The Big Four at Louisville.**

The company will build a large freight house. This place was greatly surprised, last Thursday afternoon, by the report that August Bickle, while out rabbit hunting, had found the body of Worth Aldrich in the woods, about one mile west of this place, with two or three knife wounds in his throat, and his own knife sticking in one of them. A jury was empaneled, who decided that he came to his death by self-inflicted wounds in his breast and neck. A few dollars in silver and some valuable papers were found in his pockets. He must have been there since the Sunday before, as he left Amherst Junction that morning and had not been seen since. Aldrich had been subject to fits and it is supposed that rather than suffer any more, he decided to end his life. He had been farming in North Dakota for about one year and returned here about four weeks ago. He leaves four brothers and one sister, Eugene, of Grant, N. D., Gaines, of Stevens Point, Hagen and May and Mrs. Ed. Allen, of this town. The deceased was a member of Co. R., 44th Reg., Wis. Vols., during the last few months of the war, and since his return home had been subject to extremely hard fits at times, and in some of these he did himself personal injury in the past. Worth was a son of the late Jonathan Aldrich, and had made his home first with one brother and then another. It is thought that he felt a fit coming on,

he not having had one for several months, and in a fit of desperation plunged the knife into his breast and throat, with fatal results.

### WHAT DOES IT MEAN?

Facts or Fiction about Two Great Fair Awards.

A newspaper paragraph denounces as "false" the claim of a baking powder company to an award at the World's Fair. "Whom can it mean? Certainly not Dr. Price's. Why?

Because, as the records show, Dr. Price's exhibited, competed and received the highest award, both at Chicago and the California Midwinter Fair. The award in California included Gold Medal. The official examiners pronounced it the strongest, the purest, the most wholesome and efficient of all the baking powders. Its title to confidence is unquestioned.

Can it be the manufacturers of a New York powder, fictitiously labelled "absolutely pure" who are making "false" claims? That would be strange indeed, inasmuch as they were not even considered in the awards.

Was it Ammonia in the New York powder that prevented its makers from competing? If not what?

### Late Literary News.

An old-fashioned sea story full of interest and adventure, with a strong love motive, is begun by W. Clark Russell in the January Cosmopolitan.

"Quida" succeeds Froude, Gosse, Lang, and other distinguished writers with an instalment of the "Great Passions of History" series, which has been appearing in The Cosmopolitan. A discussion is aroused by Mr. Edward Bok's article on "The Young Man and The Church," which will consume tons of ink before it is settled. Just preceding the famous Charcot's death he prepared an article for The Cosmopolitan on Pasteur, to be published after Pasteur's death but Charcot has died first, and so with the consent of Charcot's executors, the article is given now. The present "Theatrical Season in New York" is critically considered by Mr. James S. Metcalfe, editor of Life, and there are stories by Tourgee, Howells, and the famous French writer, Francois Coppee.

The report of J. H. Woodnorth pension agent at Milwaukee, shows that from January 1, 1894, to December 31, the total amount paid for army pensions by him amounted to \$7,393,283.73, which amount was distributed among 51,370 pensioners quarterly in 200,895 vouchers. The next quarterly payment began January 4, 1895, and the office was open at seven a. m. on that day for the convenience of pensioners who received their money in person at the office of the Plankinton building. The Milwaukee agency now pays pensions in every state in the Union. Original pensions are only paid, however, to those residing in the states of Wisconsin, Minnesota and the two Dakotas, which form the Milwaukee agency district.

REPRESENTATIVE BRICKNER is a never-say-die sort of a democrat. He says: "Wisconsin has two democratic Senators now, and it is by no means certain that she will have any less two years from now. It is true that about one-half of the present Senate will hold over, and that a majority of them are republicans, but if the democrats in Wisconsin pull themselves together and start out with a new organization I see no reason why we should not elect a democratic legislature in 1896."

Speaking of the outlook for legislation by this Congress, Mr. Brickner said: "The democrats can pass a financial bill unless the republicans in the Senate interpose dilatory tactics and prevent action. If nothing is done in the Senate the responsibility will rest with the republicans, and then if an extra session is the result, the country will speedily understand who is to blame. The pathway ahead for the republicans is by no means free from thorns."

### Cleanable Collars and Cuffs.

"Celluloid" collars and cuffs are one of the greatest blessings that was ever brought to mankind by the genius of invention, especially the man whose occupation demands that he wear his Sunday clothes every day, as Bill Nye puts it. A daily change of linen runs into considerable laundry bill in the course of a year. "Celluloid" makes it possible to add this item to the year's savings. Many men when buying waterproof collars and make the mistake of believing that it's all the same so long as they are called "celluloid." This is a grievous error. The genuine "Celluloid" collars and cuffs are peculiarly made, being in reality a linen collar or cuff covered on both sides with pure waterproof "Celluloid." This prevents cracking, and increases the durability of the article. When soiled, it can be wiped off with a damp cloth and made to look equally as well as the most skillfully laundered linen. All dissatisfaction with "celluloid" collars and cuffs can be avoided by looking for the trade mark. "Celluloid" stamped on the inside of every piece.

Triumphant over fire and tempest the stately structure stands beside the lake dedicated forever to the service of the people. As a gallery of painting and sculpture it surprised and delighted the nations. As the Field's Columbian Museum it will entertain and instruct multitudes in the ages to come.
